Chairperson's letter:

What a great year for the Church Mouse and for the community! In our 20th year, we again exceeded our sales projection, allowing us to give record-breaking funding to 51 hard-working organizations serving our community and beyond.

The Church Mouse is able to give generously only because of the bighearted people who give to us. We are blessed with a multitude of donors who bring their treasures to our back door or invite us into their homes for pick up. Nearly 150 devoted volunteers give freely of their time, talents and boundless goodwill. An increasing number of our customers also willingly make donations at the cash registers. We are so very grateful for all of these acts of kindness that lead to our continued success in fulfilling our important mission.

Imagine what the next 20 years will bring!

These grant and pass-through donation results would not have been possible without the quality donations we received, and the support from the community, dedicated volunteers and the Church Mouse staff. Our hardworking volunteers serve in different departments which include; art/lamps, backroom repair, books, ladies clothing, men’s clothing, children’s clothing, furniture, housewares, home décor, jewelry, linens, Sports, furniture, electronics, equipment and tools.
